- The Plane Facts -
March 2000

Greetings, once more.. Alas, time is drawing near for the **CAS Model Show** out East beginning the 10th of this month! Paulie has some additional update info for everyone, so I'll cut my drivel to a minimum. I would only add the emphasis to get as many of your models out there on **Thursday** night - *after 7:00 PM*. Also, please notice that unlike many malls that you've become accustomed, Euclid Square closes its doors at 7:00 PM, NOT 9:00 PM as was mentioned in the CAS flyer you probably have a copy of! This will explain the odd hour mentioned by Paul below, to be at the place for setup of tables, etc., and drop-off of display models... So, be advised! In years past, those of us who met at the Mall 'du jour' on Thursday night would be there before the doors closed up at 9:00. This time, make it just before 7:00.. Means we'll get outta there sooner!!

Remember - **sell those tickets** you received in the January mailing of the *Plane Facts*.. Bring the \$\$\$ to the meeting, if you haven't already unloaded it. Again, if you need to reach Paul B., he's at 440/845-5954 or <p.r.bianco@worldnet.att.net> by email.

~~~~~  
**FOR YOUR INFO**

Do remember the never-ending raffle that Roy A. has going on. \$1 each, 6 for \$5. The prize is a Futaba R/C set.. And it definitely helps fill the coffers... Please support Roy's effort.

Here's an email from Paul on the Euclid Sq. situation:

"We now have a TV / VCR combination thanks to Bob Prince. We need folks to bring a VCR tape to play while they are watching the tables. We already have "how to" Monokote tapes, so model planes doing things would be great. Make sure they apply a nametag so we can return it, etc. We need **AIRPLANES** and folks to help Thursday night. **Bring AIRPLANES THURSDAY NIGHT** (be there by **7pm !!!**) **IF AT ALL POSSIBLE!!** We need one more judge for Saturday night. (So far we have Marvin and Adam). Here come da judge! We have enough folks to watch the tables but we will need the folks on Sunday to stay around and help tear down the tables and open doors / carry

airplanes, etc. That's it for now..."

~~~~~  
Remember the *Cleveland Model Show* coming up... March 10, 11, and 12th. The **AAGMC** and the CAS needs *your* support.

I have a heads-up on Futaba 8UAP transmitter problems to get in here next time. It seems there exists a circuit board crack issue in the *RF module* that develops over time. Futaba has a fix, as does Kraft Midwest (KMI)...

It looks more and more like Spring is just around the corner!! That means, besides model trade shows - new stuff coming out, and all that, it's time to give those old warriors a real good going over before you commit them to aviation!

See ya at Euclid Square Mall - eh... Don't forget to feed the birdz! 8^}

NEXT CLUB MEETING

Will be on Friday, Mar. 3rd, 8:00 p.m., in the North Community Room of the Busch Funeral Home at 7501 Ridge Rd, Parma, OH.

The **American Airlines Gas Model Club** meets here on the 1st Friday of each month during the winter. The **AAGMC** welcomes visitors at all regular meetings.

Y2K AAGMC OFFICERS

President	Bob Prince (216) 476-3523
V.Pres.	Marvin King
Secretary	Sheila Ann Prince
Treasurer	Henry Horn
Sgt. at Arms	Roy Abbott, Jr.
